

SAY!

(By CHARLES J. ARNOLD)

I LEARNED A LOT
OF THINGS—FRIDAY

I learned a lot of things about the Wednesday entertainment, while down at the Lone Star cement plant, this morning. Just a lot of stuff. The arrangements are absolutely perfect.

Tables seating 1,000 will be arranged in the Finish Mill. After first 1,000 are seated and served, a cafeteria style of service will be adopted.

Plans provide for entertainment of an immense crowd, rain or shine.

There will be reception committees for each men and women.

The second floor of the office building will be used as a rest room for women.

Guides will direct visitors through the mills.

Trips to the quarries will be on flat cars arranged as observation cars.

Registration booths will be provided and every guest will be expected to register.

Souvenir airplanes for the boys; balloons for the girls and kitchen knives for the women.

Many drinking fountains and 8,000 bottles of Coca Cola will take care of the "thirst" situation.

Band music will keep spirits high.

Serving will begin at 10 o'clock and it is hoped that all can be served and the people away from the plant by 2 o'clock.

Automobile parking will be in charge of traffic men who will direct all parking.

Railroad crossing will be guarded by watchmen.

Greencastle business houses will be closed from 10 o'clock until 2 o'clock.

Little drops of water
Falling in the fields
Cuts the chance of good corn crops
But stimulates weed yields.

There seems to be some uncertainty regarding whether "Mom" and the "Kids" are invited to the big LONE STAR barbecue next Wednesday. Now in order to straighten out the situation I am going to tell you that "Mom" and the "Kids" are invited. The Cement Co. wants the women and children, just as much as it wants the men. We know that "pop" is going to be there. Mr. Ellidge, superintendent of the Cement Mill has ordered 8,000 bottles of "cold pop." But the "hot mom's" also are wanted. Do not forget that.

WRECKER CATCHES FIRE

An automobile wrecker belonging to the Harold Walker Garage at Cloverdale was put out of commission Sunday when it caught fire on Limestone Hill, south of the National Road on State Road 43. The driver of the vehicle extinguished the blaze by shoveling dirt on the car.

The wrecker was towing another car to Cloverdale when it caught fire on the steep grade of the hill.

After the fire a truck was called from Cloverdale to tow in the damaged wrecker and auto which the wrecker first was towing in.

L. D. Snider and son Gilbert Snider, were in Indianapolis Sunday.

Mrs. Josiah Gardner is very ill at her home on south Indiana street.

LONE STAR DAY TO BE A BIG EVENT

USE GAS MASKS IN COMBATTING AMONIA FUMES

GARDNER BROS. ICE PLANT RESUMES OPERATIONS TODAY AFTER LOSS SATURDAY NIGHT

Residents Forced Indoors by Strong Fumes—Loss Estimated at \$1,000

Blowing out of an ammonia pipe gasket at Gardner Bros. ice plant, flooded south Greencastle with ammonia fumes Saturday evening and forced residents to keep indoors to escape the powerful fumes. A wind carried the fumes east as far as Bloomington street where passing motorists were given a "whiff" of the gas.

Workmen equipped with gas masks entered the plant and stopped the flow of ammonia by shutting off valves. Gardner Bros. estimated their loss at \$1,000 in addition to loss of time and added labor caused by the accident. Half of the plant suspended operations Sunday but today the plant resumed operations and there will not be a shortage of ice, it was said.

When the gasket blew out the fumes drove workmen from the plant and forced south Greencastle residents indoors. At Bernie Smith's barber shop and at the Early store, customers were forced inside behind closed doors by the powerful fumes.

Ammonia is quite a factor in the manufacture of ice and the loss was keenly felt by Gardner Bros. It required 4,800 pounds of ammonia to replace the loss.

FIND CLOTHING IN SUIT CASE

Sheriff Edward Eiteljorge is holding two suit cases of clothing, toilet articles and personal property, found in a box car at Limesdale Sunday night by the shipping clerk. The property was turned over to the sheriff by the clerk.

Addresses found on letters in the suit cases indicate they are the property of Mr. and Mrs. James O. Miller of Montezuma, Ohio and Jackson, Mich.

Sheriff Eiteljorge will probably mail the suit cases back to the owners if they were stolen. The property may have been left in the box car however, by the owners, who may have been traveling in this manner.

TRY TO ENTER ALVERSON HOME

An intruder who tried to enter the H. Alverson home at 8 west Poplar street, early this morning, was scared away by occupants of the house who turned on a light in an upstairs room when they heard the noise of a ripping screen over a pantry window.

Occupants of the house called police and Ralph Donohue, who lives across the street. Fire Chief John Goddard who answered the police call, and Mr. Donohue, investigated and found where a pantry window screen had been ripped open.

Mrs. Dodd was born May 9, 1855 at Rome, Ind., the daughter of Terrence Connor and Nancy Tate. She was the seventh child of nine children, only three of whom survive. She secured her early education in the Rome schools and Rome Academy.

Following the death of her mother in 1879 she came to Putnam County and resided with her sister, Mrs. B. E. Scribner, at Russellville. She was first married to Ransom H. Walls of Russellville who died a few years later.

On March 14, 1897 she was united in marriage with John Dodd at Russellville and they moved to Greencastle to make their home. To this union was born one daughter, Mrs. Meda Long.

Following the death of Mr. Dodd October 3, 1918 she continued to make Greencastle her home. After the marriage of her daughter to Wallace Long she made her home with them.

GREAT CROWD IS EXPECTED FOR BARBECUE

ENTERTAINMENT BY INTERNATIONAL CEMENT CO., TO BE MOST ELABORATE—DETAILED PLANS ASSURED ACCOMMODATION FOR THOUSANDS

COMMITTEES ARE NAMED

Dinner Will Be Served From 10 o'clock to 2 o'clock—Thousands Of Persons To Be Seated At First Table-Inspection of Plan And Quarries Scheduled

"Everything is ready," said R. J. Ellidge, superintendent of the Lone Star Brand cement mill, the Indiana plant of the International Cement Co., this morning.

And when Mr. Ellidge says "everything is ready," he means much, for the Cement Co., on Wednesday will entertain the people of Putnam and surrounding counties at the biggest party ever given in this community.

The event, a barbecue, at which will be served thousands of pounds of the choicest baby beef that can be secured, together with everything that goes with this enticing kind of a meal, including potato salad, baked beans, doughnuts, bread and coffee, is being given as a sort of a Good Will event. Everyone is invited and everyone will be royally entertained.

Inspection trips through the mill; excursion to the quarries; band concert and good eats, as well as souvenirs for the old and young. Can you imagine better entertainment?

Every detail for the entertainment and handling of the immense crowd has been worked out. The parking and care of automobiles will be looked after; railroad crossings will be guarded; there will be reception committees for both the men and women; there will be a registration committee and every one is requested to register. No detail, in fact, has been overlooked.

For the little girls there will be toy balloons; for the boys, toy airplanes and for the women a wonderful souvenir—a kitchen knife. One of these knives will be issued with every meal service and guests are expected to keep them.

A large corps of assistants will be engaged in giving service, so that the Barbecue dinner can be served quickly and orderly.

Tables seating 1,000 folks will be arranged and service will begin immediately the seats are filled. After the first 1,000 are served, the service will be of cafeteria style. Dinner will be served in the large finish mill, which assures a good dinner, rain or shine.

The Greencastle merchants are co-operating with the Cement Co., in promoting the event, and all stores will be closed from 10 to 2 o'clock. As a special attraction the merchants are offering specially attractive bargains for the day and are giving a band concert on the square at night.

In order that rain may not mar the day's events, Mr. Ellidge has arranged all plans so that "rain or shine" the event will go ahead as planned. Nothing can stop it and you are invited.

Mr. York and family were returning from Bedford while Mrs. Havestrick was driving the Indianapolis car south. One side of the York car was badly damaged while the Indianapolis car escaped with minor damage.

"Konjola opened a new life of health and glorious energy to me," said Mrs. Fremman Henderson, R. R. No. 6, Edgewood, near Indianapolis. "I dreaded the thought of eating, for I knew suffering would follow. I became nervous, and the least little thing out of the ordinary upset me. I lost weight and strength, until I was but a shell of my former self. Then neuritis set in. The pains were indescribable.

"But Konjola brought me glorious relief. In a surprisingly short time I felt immeasurably better. The various aches and pains disappeared, and all stomach symptoms were swept away. My nerves became quiet and calm. Neuritis pains are only memories. Words are useless when it comes to describing the powers of this new medicine. Konjola is certainly a medicine of merit."

Konjola is sold in Greencastle at the Owl drug store and by all the best druggists in all towns throughout this entire section.

Paris Greet Native Sons With Fervor

Joy and celebration knew no bounds along the boulevards of Paris when it became known Jean Assolant, left; Armeno Lotti, center, and Rene LeFevre had landed their "Yellow Bird" on the other side of the Atlantic even though

they did not make Le Bourget Field, Paris, as intended. They landed at Comillas, Spain, out of fuel and started for Paris as soon as they could fill their tanks.

Chaney Has Bizarre

Role in Jungle Film
Grappling with wild tigers and gorillas, and the still more dangerous human emotions, Lon Chaney gives the screen one of his most bizarre, thrilling, and powerful dramatic portrayals in "Where East is East," Metro-Goldwyn-Mayer's grim drama of an Oriental jungle, coming to the Voncastle Theatre Tuesday.

"Chaney, in the role of "Tiger" Haynes, jungle animal trapper, rides at the head of herds of elephants, battles with a ferocious tiger and actually traps one of the great beasts. His death struggle with a gorilla is a sensational highlight. Underlying the thrills is a gorgeous love romance.

Tod Browning, responsible for many Chaney hits, directed, Chaney's portrayal is grippingly convincing, and his make-up a new and remarkable instance of his uncanny skill at disguise. Lupe Velez, as his half native daughter, is a fiery little creature in a vivid role, and Estelle Taylor as the exotic Oriental vam-

WINDY CITY WINS AMERICAN DERBY

CHICAGO, June 15.—Windy City, game little brown son of Upset, a 14-to-1 shot in the betting, sent 50,000 racing fans delirious with excitement today by scoring a startling upset in winning the \$50,000 American Derby at Washington Park.

The triumphant 3-year-old, a Chicago horse, owned by a Chicago sportsman, Frederick M. Grabner, won the race at one and a quarter miles in 2:10 over a track that was heavy and slow.

Naishapur, the game California horse that always comes from behind but seldom wins, finished second, a length and a half in the rear, just as he did in the Coffroth Handicap last winter and in the Kentucky Derby just a month ago.

Thundering along in third place came African, one of three horses coupled as the R. T. Wilson-Walter J. Salmon entry. Dr. Freeland, winner of the Preakness, finished fourth.

ASK FISHERMEN TO NOT
MOLEST SPAWNING FISH

INDIANAPOLIS, June 17.—Cold weather and high waters have seriously retarded spawning of fish in Indiana waters, George N. Mannfeld, fish and game division superintendent of the state conservation department, said today.

Account of this condition many bass will spawn after the season opens for game fishing in this state, and this is also true with other species such as bluegills, rock bass and crappie. He asks that fishermen not molest fish when noticed on the nests because if permitted to reproduce their kind without interference, the fishing sport will be greatly improved.

In some of the northern lakes, Mannfeld explained, breeding grounds were staked off and it is unlawful to fish such territories any time. This, however, is not true in the public streams, and it is up to the true sportsmen to help protect the adult fish during this period.

APPEALS \$2 FINE FOR
FAILING TO SUPPORT PARENT

SHELBYVILLE, Ind., June 17.—(INS)—Brought to trial in circuit court here on the charge of failing to support his father, George E. Hill 77, and blind, James Orval Hill of Geneva, Ind., a sheep shearer, based his defense on the claim that he had to go to work when only 16 years old and that he had lived with his parents only in the winter months.

A jury that heard the evidence in the case all of one day, deliberated six hours and then returned a verdict finding young Hill guilty. The jury fixed the penalty at a \$2 fine.

Circuit Judge James A. Emmeret overruled a motion for a new trial presented by Hill's attorneys. Hill then gave notice of an appeal to the Indiana Appellate Court. He was given 90 days by the court to perfect his appeal.

The affidavit against Hill charged that he had failed to contribute to the support of his father. Evidence in the case showed that the father had lived with one of his sons on the Thurston farm in this county for 15 months. Since then he has made his home at the residence of Dollie Darnell in Shelbyville. Two of the sons have contributed sums toward the old man's support according to the state's evidence.

The defense contended that Hill had not been supported by his parents when he was a minor and that he was not now able to contribute to contribute financially to the support of his blind, old father.

LOSS IN SUMMITVILLE
BANK ROBBERY \$3,910

SUMMITVILLE, Ind., June 16.—Total loot in the robbery of the Farmers State Bank here amounted to \$3,910, bank officials announced today. It previously was thought the two bandits who held up the institution yesterday obtained \$4,300. Miss Maxine Van Ness, bookkeeper, only person in the bank during the holdup said today that she could identify the bandits. No trace of them has been found, according to Frank Daniels, sheriff of Madison county.

MANDATE TOWNSHIP BOARD

TO PROVIDE BUILDING FUND

Judge Fred R. Owens, of Franklin, special judge in the proceedings brought by Trustee Sam Gash of Adams township to mandate the two surviving members of the township advisory board to meet and take

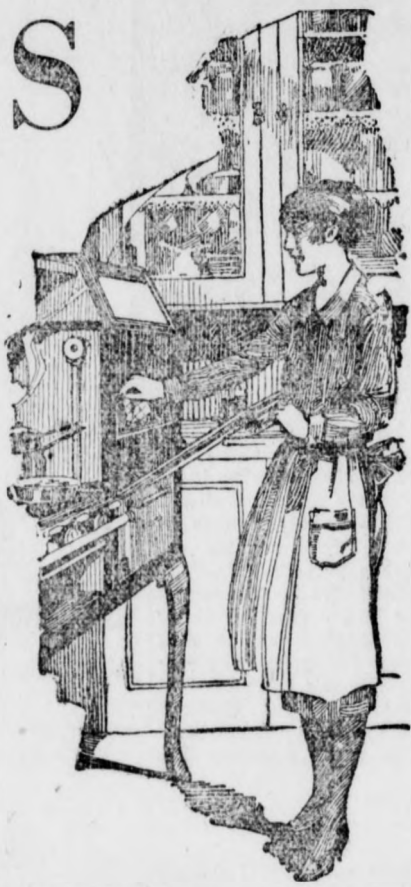

steps to provide funds for the erection of a new school building at Eminence to replace the building destroyed by fire, has ruled in favor of the relator trustee. Judge Owens was here this week and entered a finding for the trustee, mandating the two members of the advisory

board, Otis Seerest and Loren M. Lewis to meet with the trustee and take all appropriate action to appropriate funds for the erection of a school building as prayed for. The two advisory board members have opposed the erection of a new building at Eminence.—Martinsville

Results Are Quicker with GAS

Closer heat adjustment and regulation

You can see the size of the flame as you set it to simmer or boil

YOU can bake to a delicate brown without scorching or burning; you can expect greater satisfaction when cooking with gas. That's why so many housewives retain their enviable cooking reputations. They know they can depend on gas.

Cooking with gas is cheaper. You have instant heat, concentrated where it is most

efficient. You need use no more than necessary. Quicker meals, tastier meals, happier meals—all result when cooked with gas.

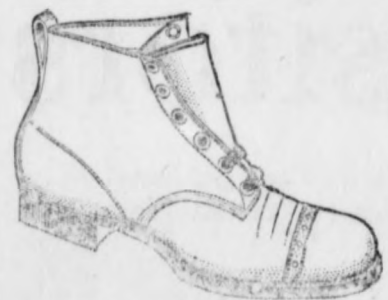

See for yourself! Come to our store and inspect the modern gas ranges with ovens which regulate themselves.
